- Football Scouting Worldwide course completion.
- Wyscout.
- InStat.
- Hudl.
- Tableau
- Google Drive.
- Microsoft Office.

Experience

(February 2023 - Present)

Leeds United (Premier League/Championship)

Scouting Coordinator/Senior Academy Scout

Managing regional scouts/coaches and together identifying young talent between U7 to U18 level who we believe have the potential to meet the standards of our category one academy.

(January 2024 - May 2024 & September 2022 - April 2023)

Gainsborough Trinity (Northern Premier League)

Chief Scout

Liaising with the management and board to put a structure and recruitment plan in place. I was then able to lead a team of voluntary scouts across the North of England. As a team we conducted opposition analysis and built a database of player reports

(July 2022 - September 2022)

Doncaster Rovers (League 2)

First Team Scout (Voluntary)

I conducted a variety of reports covering leagues between League 1 to the National League North. I kept up to date with the clubs performances on the pitch and liaised with the Chief Scout regularly to ensure I was in line with what the club needed.

(July 2021 - July 2022)

Stockport County (National League)

First Team Scout (Voluntary)

I attended pre season recruitment meetings and discussed scouting strategies with the HoR and Lead Scouts. Throughout the course of the season I was tasked to identify players who could play at a higher level as to what the club was currently in. This was a very successful season in which the club won the National League title and made a return to the EFL
