Summary of Qualifications

I am a detail-oriented Architect Technologist eager to transition into football analysis and scouting. Equipped with IT knowledge and specialized training in Generative AI, I bring a solid foundation in technical expertise and data-driven insights. My Certificate in Tactical Analysis from Barca Universitas has equipped me with comprehensive knowledge of football strategies and player assessment, complementing my proficiency in project management and structural design. I am passionate about leveraging data and analytics to enhance performance analysis and drive informed decision-making in football.
