Dear Sir/Madam,

Enclosed, please find my football scouting Curriculum Vitae, reflecting my nine years of experience in the field. My journey in football scouting has allowed me to collaborate with highly skilled professionals, enriching my understanding and passion for football. This experience has shaped me into an enthusiastic, diligent, and committed individual.

Key strengths I bring include meticulous attention to detail in player evaluations and the flexibility to attend games at short notice. I have cultivated a robust network within the football industry, which I believe could be advantageous to your organization.

I am currently engaged with Standard de Liege Football Club as a local first-team scout. My role involves identifying and recommending talents for both our senior and development squads, based on live observations and video analysis.

I am driven to bring projects to fruition, thoroughly assessing players to ensure no potential talent is overlooked. The diversity and challenges of scouting are what I thrive on, and I am eager to contribute my skills and passion to your team.

Sincerely,

Tony Hamilton.

Tony Hamilton
