## About Me

5 years experience working as Head of Scouting at Serbian top tier team FK Radnik Surdulica, in charge of the scouting department, developing the scouting strategy, leading players scouting and identification process, full scouting department management, etc. Making history with the club, achieving the best league position in league history, and playing the semi-final of the domestic cup for the first time. Discovered many young and unknown players who later got transferred to better leagues. Helped club to build scouting department from zero scouts to more than 30 scouts.

Football agent with connections in the football industry all around the world.
