

Jorge Blanco Cascos

FOR ANYONE INTERESTED

Let me introduce myself, my name is Jorge Blanco and I have a degree in Physical Activity and Sports Sciences with a Master's degree in team management at the Real Madrid school.

I have been dedicated to women's football and its management in training and high-performance contexts for more than 10 years.

My performance in sports is focused on working to improve the athlete and managing optimal planning for their performance.

For my master's thesis I developed a project on the female youth academy in a professional club and how to manage talent there.

I hope to have a talk about my vision of the work I like to do and thank you first of all.

Below I leave you my sports CV.
