Avanzato

## About

In the course of my life Sports have always been the fuel that made my engine work, especially the world's most followed olympic discipline; Football.

Hard work, Passion and Communication are the three main qualities that form my character as a person and as a worker. In the past three years I had been a student in Barcelona.

Today I speak 4 languages thanks to my different experiences in international schools and universities in Italy and Spain. Graduate in the Sports Management Bachelor at the EU Business School in Barcelona. In the past years I had the luck to build a sportsman carrier as a professional footballer and soccer player in Italy. I am seeking to open a wider network and work in the Football Economic industry as a Leader an Innovator and a Passionate Fan but also be part of new projects outside the sports industry.
