Professional Goalkeeper Coach

from season 1998-99

Good morning.

My name is Stefano Prato, I am a italian professional Goalkeeper Coach with over 25 years of experience with Academy and with professional First Teams.

I'm UEFA GKB and UEFA B coach qualified.

I am looking for a serious project to make my experience and skills available to goalkeepers.

In Italy I am known as one of the most important trainers of young goalkeepers, you can get references from:

- Gianluca Spinelli (Goalkeeper Coach of FC Internazionale Milano, ex PSG Paris and Chelsea)
- Francesco Farioli (Head Coach OGC Nice)
- Patrick Foletti (UEFA referee and Goalkeeper Coach Swiss national team)
- Mauro Marchisio (Technical Director Academy FC Empoli)
- Charles Sciberras (UEFA representative and Head Goalkeeper Coach of Malta Football Association)

and other professional coaches.

In addition to work on the field, I am able to process films and analyze individual performances during training sessions and matches.

I have computer knowledge.

Thanks for your attention.

personal profile

Today, with over 25 years of experience, I can define myself as a goalkeeper coach who constantly seeks the improvement and refinement of his working methodologies with goalkeepers, through analysis, applied study and comparison, continually putting I play my thoughts.

All this with the sole objective of actively putting myself at service, trying to best convey my knowledge and skills, without forgetting that the only protagonist is the goalkeeper or the young man who is preparing to play the role.
