# CHRISTIAN SCHMUCK

## PROFESSIONAL PROFILE

During my first year as Assistant Coach, I had the privilege of collaborating with Peter Schmuck, my father and former professional footballer. From this experience, I gained valuable skills in team management, learning fundamental methodologies and tactical strategies.

In the following years, I worked alongside several coaches, consistently exceeding the set objectives. Parallel to my on-field experience, I obtained my Match Analyst license, which allowed me to deepen my understanding of game dynamics, performance analysis, and data-driven decision-making.

These combined experiences have strengthened my confidence in both my technical and managerial abilities. Today, I feel ready to lead a team as Head Coach, offering my expertise, analytical insight, and full commitment to achieve and surpass established goals.
