Thanks to my international background and my experience in dealing with multicultural clients, I am deeply committed to customer satisfaction and thriving in fast-paced, international companies where I can make a meaningful impact, especially through my knowledge of digital and communication techniques, my strength on web, press & celebrities' management and my great organizational skills.

Used to teamwork, precise and reliable, I take charge of projects and complete them with the utmost care and commitment. My background in digital design also makes me particularly suited to digital marketing and web media roles planning strategies, analyzing the workflow and creating reports. Strong adaptability and attitude to get involved and give my best at work. Solid experience in event management and celebrities' social media management. Passion for entertainment, leisure and sport, with specific interest in diversity & inclusion, especially in sports and competitions.
