## Character References

"I hired Colin in 2014 during my time at Toronto F.C. when we started building out our scouting department. He is a reliable, hard-working team player who is open minded and able to adapt to new challenges. He always put the team and department ahead of everything in order to reach our goals. His ability to speak multiple languages and his knowledge of different markets on the global stage would bring tremendous value to any club and I would have no problem recommending him to any club looking to enhance their scouting department"

- Corey Wray, Former Assistant General Manager, Columbus Crew

"I was Colin's boss from 2014 up until this past April and I have nothing but positive things to say about him when it comes to his desire to outwork everybody and hunger to learn and to be educated on new things. He took on new responsibilities each year as he grew into his role in our scouting department and was a big time help when translating for our Argentinian based scout. Clearly has an eye and the talent to find correct positional profiles but the work he did in order to build and expand our network in Europe was exceptional. I can't say enough about him as a person and professional and he would be a huge asset to any scouting operation both domestically and abroad."

- Jack Dodd, Technical Director, Portland Timbers
