OBJECTIVE STATEMENT

I've been working, for the past 3 years, as a General Secretary of an Italian "Serie C" professional football club. In the previous two years I was the Academy Secretary, and then I've been promoted as General Secretary, continuing to take care of the Academy. I also work as a financial supervisor, taking care of the budget's club and reporting directly to the CEO. I'm extremely motivated, and with excellent problem-solving skills, communication skill and able to build strong relationships with the work team. I'm an expert of the rules of federation and UEFA/FIFA. **I'm a TMS Manager and a licensed Sport Director in Italy with FIGC.** I am an advanced user of Word, Excel, Powerpoint and Outlook.

I'm the actual President of my own Football Academy with about 180 children. The Academy has a completely independent staff.

I already decided to move abroad and leave my current club to join a higher-level one, to improve my knowledge and grow professionally.
