## PROFILE

I'm a football writer and content creator who is interested in analyzing football (tactics, team/player analysis, or football in general).

Having experience working as a Freelance Football Analyst with Ruang Taktik, but now I'm focusing more on building my channel/website (MT\_Analysis on Twitter/Mastering Tactics on Youtube).

## EXPERIENCES

### Football Analyst, Ruang Taktik

Aug 2022 — May 2023

- Helping Ruang Taktik (the biggest Indonesian Football Tactics Youtube) to gain 1.065.000 viewers and 20.000-30.000 subscribers.
- Analyzing the tactics in football matches across Europe (Primarily = Premier League, La Liga, Serie A, UCL, World Cup 2022) with a deadline (usually 8-24 hours after the match).
- Creating player analysis reports such as Mac Allister, Granit Xhaka, and Zinchenko.
- Cutting and annotating the video to make a better understanding for the viewers, I cut the video into a shorter one and annotate it.
- Researching (data, pictures, and additional videos) as support for the presentation.
- Creating the script and the presentation flow for the video, so the voice-over artists can present it smoothly.

### Football Writer, MT Analysis (Mastering Tactics)

Dec 2022 — Present

- MT Analysis is my own personal channel/website to share my football analysis. It was started on June 2022, gaining 38.000 followers on Twitter and 225 followers on Medium/Substack.
- Creating team/player analysis reports, focusing on the Top 5 leagues and UCL.
- Analyzing the matches or/and players from a tactical point of view with content every week.
- Annotating the video and converting it into GIF for a better understanding the content.
- Researching (such as data, pictures, and additional videos) to support the content.
- Writing in the engaging and interesting way, while also maintaining the quality in every content.
