## PROFILE

I have completed MSc Sports Performance Analysis at University of Gloucestershire, UK and I have been working as an analyst for a significant period. Currently I am working with Al Jazira Football Club which is a part of City Football Group.

I have worked with a National team, Multiple English League clubs and non-league environment in the UK.

I have also worked in the UAE and worked for companies in the European market (Match Peak Analysis and Brandsen Sports).

I have taken up different roles which includes working with the First team and Academy teams starting from the grassroots.

I am comfortable working with video & data and can use Sportscode, StatsBomb and Wyscout efficiently. My aim is to support teams & individuals to improve their performance with a view of striding into elite football.
