Maastricht, 10<sup>th</sup> of January 2019

Dear Sir/Madam,

Jesper van Aarnhem was an active member of the (voluntary) team of TEDxSittardGeleen. The project is operated under individual license, issued by the TED Conference organization, for our foundation. Within this foundation, Jesper and several other team members / volunteers, have helped us organizing the TEDxSittardGeleenYouth conference as 'Head of Production'.

I was impressed by the quality of work, managed by Jesper at the conference. The significant amount of compliments and positive replies about his work from the crowd, were received after the conference and contributed greatly to the huge success of them. I am proud that Jesper has helped us with a couple very important tasks and caused a great vibe within the organizing team. Additionally, Jesper has laid the infrastructure of several quality improvements for future conferences, for which we are very grateful.

Jesper is a skilled, professional and enthusiastic volunteer / key team member of the TEDx conference. He has proven to be able to apply educational knowledge in a business context and be capable of delivering excellent results in time. I am confident that he will be successful in his future career and would like to recommend him to his future employees.

Yours sincerely,  
On behalf of TEDx,
