 **About me**

My first official full time job in football was 15 years ago, when I only was 23 years old, from that moment I felt that what I really want was to specialize my professional profile to scouting, recruitment and management football talent in clubs and companies. I really feel real passion for my job and I am the type of person that thinks that always there is something new to learn, create or develop.

General formation

- Law Grade studies (Universidad de Granada/UNED)
