Leadership & Teamwork

My strongest qualities within a team are **empathy** and the ability to **recognize and value diversity**. I frequently manage both **people and complex situations**, fostering a collaborative and inclusive work environment. As a **mentor to junior employees**, I actively support their growth and development. Currently, I lead a **medium-large team**, ensuring efficiency, motivation, and alignment with business objectives.

Work Ethic & Results-Driven Approach

My strong **focus on results** and ability to **perform under pressure** enabled me to graduate on time with an **excellent GPA**. I approach work in a **structured and organized manner**, ensuring timely delivery while often applying **Agile methodologies** and **innovative solutions** to optimize processes and drive efficiency.
